MEMORANDUM FOR: Director of Communications, DD/A

FROM: Robert W. Gambino
Director of Security

SUBJECT: Overseas Security Violations
Quarterly Report
10 October - 31 December 1978 (U)

1. Attached, for your information, is the first in a series of reports to be provided by this Office on a quarterly basis depicting the security violations occurring within your component at overseas facilities. (U)

2. This report provides a statistical overview similar to that already being provided with respect to the security violations occurring domestically within your component. Unlike the domestic violations report, which reflects the type and number of violations incurred by individual components, this report emphasizes the sometimes lengthy time frame between the date when the violation occurred and the date of actual adjudication at the Headquarters level. In most instances, this time lag can be attributed to the failure of the station or base to report violations

[REDACTED]

3. Since this is an initial effort, your attention is invited to both the format and substance of the report, which can be modified in subsequent publications to provide you with additional data should you so desire. In this respect, your comments are most welcome and can be addressed to Chief, Physical Security Division [REDACTED]. Hopefully, the existing lengthy timespan to complete the adjudication process of these violations can be narrowed appreciably during the coming months. (U)

[REDACTED]
